#### BRICKETT DOES UNIQUE ATHLETIC FEAT IN ENGLAND

An unusual athletic feat was recently accomplished at Putney, England, when Walter Brickett, a well-known professional swimming coach, ran, walked, rowed, cycled and swam a mile, his time for the combined five miles being 45 minutes 19 1-5 seconds. Brickett, who is forty-nine years old, undertook to accomplish the task in one hour, and succeeded in finishing in 14 minutes 40 4-5 seconds inside that mark.

The walk was first undertaken, and Brickett covered a measured mile in 10 minutes 13 seconds. The mile run was made in 5 minutes 39 seconds. Only thirty-six seconds elapsed and he had mounted his cycle and rode the mile in 3 minutes 55 seconds. Entering his waiting boat he succeeded in rowing the mile in 8 minutes 44 seconds, and then came the swim. Brickett made filendid progress all the way, and when he left the water it was found that he was 14 minutes 40 4-5 seconds ahead of the hour.

The nearest approach to this feat in American athletics is the record of 15 minutes 42 seconds made by L. de B. Handley at Bayonne, N. J., on September 2, 1906, for one-fourth mile walk, run, swim, cycle, row and horse-back ride.

McGraw was a great waiter in the days when he played under Ned Handon, but his team of Giants do not seem to care particularly about working the pitchers for transportation. Last year the Gothamites did not draw as many bases on balls as the Cubs, Braves, Cardinals or Reds, and this year they rank next to last among the pitcher workers. The champions have secured 273 gifts, the Superbas one less. The Cubs have received 374 free tips to first from the pitchers; the Cardinals, 320; the Phillies, 315; the Reds, 307; the Braves, 295, and the Pirates, 286.

Thirteen Players Have Won the Single
Titles in the Last ThirtyThree Years.

NEW YORK, August 23.—Beginning to-morrow on the Casino courts at Newport, R. I., the thirty-fourth annual national championship tournament of the United States Lawn Tennis Association will bring together a host of players, many of whom have carned a world-wide reputation as expert racket wielders. Since its inception in 1851 the national tourney has grown to proportions which are in keeping with the general interest which it has created. Each succeeding year the matches develop some sensational feature. Class always tells, as was clearly demonstrated twelve months ago as the finalists for the championship singles, Maurice E. McLoughlin and R. N. Williams II., had just returned from England, after being mainly responsible for the return of the famous Davis cup to America.

The singles title in the last thirty-three years has been won by thirteen players, the first of whom, R. D. Sears, held it for seven successive years. W. A. Larned also won it seven times, and A. S. Camphell and M. D. Waitman were three times winners. H. W. Slocum, Jr., took it on two occasions, while those who had one-year victories were F. J. Hovey, H. Ward, R. C. Wright, W. J. Clothier and H. L. Doherty, of England, the only foreigner among the winners. Maurice E. McLoughlin, the present champion, won the title two years ago, and is defending the title for the second time.

ROCKSAND, RACE HORSE,

### WAS HEAVILY INSURED

Rocksand, the famous race horse of a decade ago, which died recently in Paris, was insured with Lloyd's for the sum of \$150,000. He was credited with winning close to \$250,000 during his turf career, and many thousands of dollars in stud fees in later years. Foaled in 1900, his greatest victory was the winning of the Derby as a three-year-old. After his retirement he was sold to American breeders for \$125,000. Six years later he was purchased by a French syndicate for about the same figures. In view of his winnings, purchase prices and stud fees, he has recently been referred to as the million-dollar equine, which was not so farfetched as seems at first sight.

NEW YORK, August 23.-Ray Caldwell's offer to return to the team if Frank Chance will remit the \$300 fine he levied on the big twirler last week in Boston, has been turned down cold by the Yankee manager. "That fine stands," is Chance's answer to Caldwell. "This business of remitting fines has been worked to the limit," Chance says, "and there'll be no more of it on any team of which I am the manager. Caldwell was fined \$300 for deliberately disobeying training rules. If he wants to come back and play with the Yankees he'll have to pay up, that's all."

Four Points Separate Iron City Club and the Pelicans—No Club Has Advantage for Pennant.

ATLANTA, August 23—Birmingham took the lead over New Orleans in the Southern League during the week just closed, although it retains front rank by a percentage margin of less than four points. Other clubs did not shift positions. Not counting to-day's games Birmingham won four, lost three and tied one, while the Pelicans had an even break, winning four and losing four. Mobile, long in the lead, remained in third place, with a record of four victories and five defeats. Atlanta, in fourth, showed better form, having won five, lost two and tied one. The Crackers went into battle to-day five games behind the leaders.

NEW YORK, August 22.—The base-ball season of 1914, already noted as a period of unusual occurrences in the national sport, promises to establish a record for the purchase and exchange of players in the big leagues. Omitting entirely any reference to the sensational trades and purchases which preceded the century of the pennant races the present season has been an exceptional one la this respect.
